

## **ORICK FAIRGROUNDS CAMPING**

**Name of Campground or Area:** Orick, California Fairgrounds.

**Location:** Orick, California

**Web site for further information or reservations:** under construction?

**Directions from Boise** 11 hours. Per google maps for Orick Rodeo Grounds.

**This is Fairgrounds camping, NOT a designated campground.** Amenities are limited. Probable horse accommodations will probably be only a stall or small pen. You'll probably also not be able to park right next to your horse's accommodation. Fees will be minimal. Parking sites might include shore power and maybe water. There may or may not be access to showers. But it will be "in town" so you'll have access to whatever is offered there.

### **Type of trails and terrain:**

- Access to Riding in the Giant Redwoods! I think there is some access to trail heads from the fairgrounds.
